

Dear Pirates,

[COVID-19 Update no. 5: Season Start and Fees 04-06-20](#)

General Information

With the move to Stage 3 restrictions across WA expected from this weekend, we are now getting ready to move to full contact training and season preparation.

It's been great to see many of you down at running and fitness sessions of the past week and we're looking forward to getting back onto turf. The season is now only three weeks away! See the calendar here: [2020 Revised Season Calendar](#)

The rules for the season have been revised, and HWA have also revised their affiliation and teams costs. We will be voting on those at a general meeting of all clubs next Monday 8th.

For further general information please refer to the attachments below:

[Hockey WA COVID-19 Safety Plan](#)

Return to Training

We will be moving to contact training from next week and will be posting further training information shortly. Non-premier teams will have one turf training session next week on either Tuesday or Thursday, we're just in the process of sorting bookings with PHS so stay tuned.

All members will need to continue to put their names on the training spreadsheets in advance, and follow the training protocols attached to this notice.

Prior to attending training, to help us best manage your safety and the safety of others, members must also complete the Return to Training Form available here: [CUHC Return to Play Form](#) and register with the club.

The full HWA training framework is available here: [HockeyWA Return to Training Framework](#)
